Period for Reply -- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Acknowledgements

1. Acknowledgment is made of Applicants amendment to the claims filed on 30 April 2008. Claims 19 and 20 are canceled.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 6 – 9 are rejected under 35 U.S.C. 102(b) as being anticipated by Hauer, U.S. 6,695,344 (“Hauer”). Hauer discloses an airbag device comprising:
 4. an inflator (5) for generating gas an airbag being expandable by gas generated in the inflators;
 5. an airbag cover (9) for folding the airbag to house the folded airbag therein and openable at the time of expansion of the airbag;
 6. a base plate (26) having an opening at a central portion in which the inflator is fitted;
 7. a connection member (40); and
 8. a cushion plate (20) for clamping and holding the airbag between itself and the base plate, wherein the cushion plate has concave parts on its front face for housing a clamping and holding part of the connection member (column 3, line 25), and a central portion (areas 32 and 38) of the airbag cover being opened by tear lines, at the time of expansion of the airbag is connected to the connection member which is clamped and held by the base plate and the cushion plate together with the airbag, and the connection member holds the central portion of the airbag cover at the

time of spread of the airbag bag when the airbag is expanded forward by gas from the inflator while getting across the central portion of the airbag cover.

9. In reference to claims 7 – 9, Hauer further discloses the connection member has holes or recesses, and the concave parts of the cushion plate have protrusions capable of engaging with the holes or the recesses; wherein the connection member is fastened and fixed to the concave parts of the cushion plate together by a bolt (42) for fixing the inflator; and wherein the connection part is made of a metal member (column 1, line 67).

Response to Arguments

10. Applicant's arguments regarding claims 6 – 9 have been fully considered but they are not persuasive. Applicant argues that Hauer does not disclose a central portion opened by tear lines. Claim 6 is rejected by Hauer who discloses a central portion (32 and 38) to be opened by tear lines.

Allowable Subject Matter

11. Claims 1 – 5, 10 – 18, and 21 are allowed.

Conclusion

12. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
